bg3 the watcher s guide: Baldur's Gate 3 - Unofficial Game Guide, Tips, Tricks and Hints Anton Loire, 2020-10-13 Before buying, please note that this is not an official Baldur's Gate 3 Game Guide. This is a collection of Tips, Tricks and Hints that we found in the game. Baldur's Gate III is the third installment of the acclaimed RPG franchise, which drifted from BioWare to Larian. The game is based on the fifth version of the Dungeons and Dragons rules, and also tells a completely new story. The focus is a surprise attack by illithids, mind flayers, who attack cities and towns to kidnap people. The main character and his potential companions are one of the abducted people to whom the illithids had their larvae implanted in their heads. The heroes will have to find a way to get rid of them before the cerebromorphization is completed. The third part of the series is based on the fifth edition of the D&D rules, so many of the things that fans of the original trilogy are familiar with have changed. For example, the combat system in BG3 is turn-based, not RTWP, there can be no more than four companions in a group at a time, and so on. In battles, players can not only attack opponents, but also interact with the environment - throwing enemies into the abyss, blowing them up with the help of red barrels and much more.
