If you're trying to influence even one person, you are a leader. And that means you're facing challenges. The more you lead, the greater the number of challenges you face. How do you solve them? Dr. John C. Maxwell has been exploring these issues and helping leaders with them for decades. Each lesson includes: THE ISSUE DEFINED: a brief description and introduction to the Issue CASE STUDIES: THREE BIBLICAL STUDIES: including leaders such as Joseph, Moses, Ruth, David, Nehemiah, Peter, Titus, and Jesus—that reveal and illustrate the Issue STUDY QUESTIONS: reflection and application questions to help you dig into the stories of the men and women in Scripture and learn from them LEADERSHIP INSIGHT AND REFLECTION: questions to help you assess and improve your own leadership skills TAKING ACTION: practical takeaways and direction to help you incorporate each lesson into your daily life GROUP DISCUSSION QUESTIONS: questions to help you learn and process the Bible study material with other like-minded people who want to grow in leadership Start with the issues where you most need help, complete the entire study as a course in problem solving, or meet with your team, using it as their next training in leadership development. 21 Leadership Issues in the Bible can help you become a better leader in any area of your life as you seek to influence others for Christ.

biblical lessons on leadership: The Epitome: Leadership Lessons Inspired by Jesus Vinnie Venturella, 2020-03-19 Jesus is the epitome of what leadership is all about. Amongst other things, Jesus defines service, love, empathy, humility, doing the right thing, being THE example, being a person of character, and being people and mission focused. He is the Perfect Model of leadership and one we should all aspire to emulate. I realize no one can measure up to the perfectness of Jesus or do the supernatural things He did but please take these lessons at face value. Through Jesus' day-to-day actions and supernatural behaviors there are terrific leadership gems we can all learn from. I love the study of leadership, have been doing it for almost 34 years, and expect to do it my whole life. Leadership fascinates me and the more I study it the more I validate how critical it is to teams, organizations, our nation, and our church. My life's purpose is to Positively Influence Lives. This is done primarily through leadership. My measure of success with this project is expose readers to God's Word, expose readers to some leadership lessons, and enable readers to build upon their leadership knowledge.

biblical lessons on leadership: Biblical Servant Leadership Steven Crowther, 2018-06-13 This book explores the concepts from Scripture for Servant leadership and compare these findings with contemporary models of servant leadership. It is an examination of Christian leadership for the contemporary world in its global and increasing secular context. Leadership studies typically view leadership externally from the results. This is a good beginning but leadership needs to also view the inside of leadership in the person of the leader. Scripture is uniquely qualified in this area since its first concern is the person who leads not just in leadership behaviors. The author uses examples from both the Old and New Testament to establish a new shepherd model of leadership that moves beyond the servant mode to the mode of caring direction. This model will provide scholars and researchers as well as leaders themselves with a way of leading that overcomes negative forms of leadership which lead to failure.

Muslim background leading to a diverse range of leadership styles. This publication, a first of its kind to specifically explore church leadership in North Africa, investigates common values, beliefs and cultures among church leaders. Using four identified leadership styles the author further expands by looking at the impact they have on congregations, society and the future development of church leaders in the region.
