bible verses about good leadership: *Biblical Leadership*

Ken Collier, Matt Williams, 2015-06-03 There are many different types of leaders--leaders in the business world, in government, in the home, and in the local church. Sadly, many times leadership has been completely contrary to what the Bible teaches. Many leaders are focused on what they can get from their positions of authority rather than on what they can give to the works in which they are involved. While some view it as a tool for popularity and power, leadership is a privilege. Leadership requires responsibility. We need biblical leaders who are people of integrity and humility--leaders who are willing to be different.

aboard The Leadership Course. Here Is A Preview Of What You'll Learn... Leadership Defined Kinds of Leadership What Leadership Is Not World's Best Leaders Formula to Becoming a Good Leader Leadership in Books and Films Much, much more! Leadership Defined Leadership is a term so broad and an idea so vast that many people have various perceptions on what leadership means. In a rather simple context, leadership is a trait or quality attributed to a leader, and a leader is seen as someone whom a group of people follows or somebody who guides and directs his subordinates. A leader is someone who can do so much as to influence other people, and enlist their aid and support. Since the term, and the idea itself, slightly varies, a handful of those whom we consider as leaders have given their insights regarding leadership. It is a must to realize what leadership is for these people who have become leaders themselves. Lao Tzu had something to say about leadership. This much revered ancient Chinese philosopher and founder of Taoism is a leader himself. His influences not only on his homeland but also on the entirety of the world have been so vast and powerful that his teachings continue to live on until today. Lao Tzu said, "A leader is best when people barely know he exists, when his work is done, his aim fulfilled, they will all say: we did it ourselves." Lao Tzu's thought on leadership is a rather deep one, extending beyond the physical. For Lao Tzu, a leader does his job best when he can make his men accomplish their mission without him actually taking part in the physical endeavors. A leader is someone who brings out his men's best potential, not someone who does most of the work. One of the greatest military leaders in the world's history, the French general and emperor, Napoleon Bonaparte appears to share almost the same thoughts of leadership with Lao Tzu. "When I give a minister an order, I leave it to him to find the means to carry it out." For him, leadership is not about directing people all the way through getting a job done. Being a leader involves choosing the right men to do the right job and letting them do it their way.

bible verses about good leadership: 'The Real Scriptures' of God James Platter, 2012-08-14

Inside the covers of this book you will find the Real Scriptures of the Christian churches. Many church leaders know that other Christian churches hold to these books but they are only willing to state what they have been brain-washed to believe, that is about the other inferior books: It isn't in the canon (of scripture) formed of course by the early Catholic Church at various stages and Councils from the fourth century A.D. therefore no one has the right to change what is in the canon of scripture and the Catholic Church changed it in their councils not in agreement of other Christians but to hide their offence at the words of God. They would not even imagine that different churches have different scriptures and assume that the correct canon of scripture must be the one first declared by the Catholic Church and its priests but other priests must be considered demented or apostate, but they are not affected by the changes they made to the canon of Scripture over many centuries. They will not consider the canons of Orthodox Churches or others because they vary in different regions of the world. So is European Christianity based in the Vatican City right about all its holy scriptures while everyone else's church scriptures are false scriptures? Ethiopia it seems got most books of scripture right even with their translation into an ancient language!
