

political cartoons on racism

political cartoons on racism have long served as a powerful medium for social commentary, shedding light on the pervasive issues of racial injustice and discrimination. These cartoons use satire, symbolism, and visual storytelling to challenge societal norms and provoke thought about race relations. Over the decades, political cartoons have reflected historical contexts, influenced public opinion, and sparked debates on racism and civil rights. They encapsulate complex social dynamics in accessible imagery, making difficult conversations more approachable. This article explores the history, impact, and techniques of political cartoons on racism, examining how artists navigate sensitive themes to promote awareness and change. Additionally, it discusses notable examples and the evolving role of these cartoons in contemporary discourse.

- Historical Context of Political Cartoons on Racism
- Key Themes and Symbolism in Political Cartoons on Racism
- Notable Political Cartoonists and Their Contributions
- Impact and Influence on Public Perception and Policy
- Contemporary Political Cartoons and the Digital Age

Historical Context of Political Cartoons on Racism

The use of political cartoons to address racism dates back to the 19th century, coinciding with significant social upheavals such as slavery, segregation, and the civil rights movement in the United States. Early cartoons often reflected the prevailing prejudices of their times but gradually evolved to critique racial inequality and injustice. During the Reconstruction era and Jim Crow period, political cartoons became a battleground for opposing views on race, frequently highlighting the struggles faced by African Americans. These cartoons served as both propaganda and protest, illustrating the tensions surrounding racial discrimination and the fight for equality. Understanding this historical framework is essential to appreciating the role cartoons have played in shaping racial discourse.

Evolution Through Different Eras

Political cartoons on racism evolved significantly across different historical periods. In the late 1800s, many cartoons perpetuated stereotypes that supported systemic racism. However, by the mid-20th century, especially during the civil rights era, cartoons began to challenge segregation and racial violence more explicitly. The gradual shift from reinforcing racist ideologies to critiquing them mirrors broader societal changes and the growing activism against racial injustice. This evolution highlights the dynamic nature of political cartoons as both reflections of and catalysts for social change.

Role in Civil Rights Movement

During the civil rights movement, political cartoons became a vital tool for activists and artists to expose the absurdity and cruelty of racism. Cartoons depicted police brutality, voter suppression, and the struggle for equal rights, often emphasizing the moral urgency of the movement. These images reached wide audiences through newspapers and magazines, contributing to increased awareness and support for civil rights legislation. The cartoons' ability to distill complex social issues into compelling visuals amplified their impact during this pivotal era.

Key Themes and Symbolism in Political Cartoons on Racism

Political cartoons on racism employ a range of themes and symbols to convey messages about racial inequality and social justice. Common motifs include chains representing oppression, blindfolds symbolizing ignorance or justice, and caricatures that either critique or perpetuate stereotypes. The use of irony and exaggeration helps emphasize the absurdity of racist attitudes and policies. These visual elements work together to create powerful narratives that challenge viewers to reconsider their perspectives on race.

Common Symbols and Their Meanings

Symbols in political cartoons are critical for quickly communicating complex ideas about racism. For example, shackles or broken chains often represent liberation from slavery or systemic oppression. The scales of justice may be depicted as unbalanced to criticize judicial inequality. Animals such as snakes or vultures can symbolize danger or exploitation linked to racist ideologies. Understanding these symbols enhances the viewer's ability to interpret the underlying messages and appreciate the cartoonist's intent.

The Use of Caricature and Stereotypes

Caricature is a central technique in political cartoons, exaggerating features to highlight particular traits or societal issues. While some cartoons have historically used harmful racial stereotypes, many contemporary cartoonists subvert these images to critique racism itself. The careful balance between satire and sensitivity is crucial to ensure that cartoons educate rather than reinforce prejudice. Effective political cartoons use caricature to expose the irrationality of racist beliefs and behaviors, often provoking reflection and dialogue.

Notable Political Cartoonists and Their Contributions

Several influential cartoonists have made significant contributions to the discourse on racism through their work. These artists have shaped public understanding and challenged oppressive systems by creating memorable, thought-provoking images. Their cartoons have appeared in major publications and continue to inspire new generations of illustrators and activists.

Thomas Nast and Early Anti-Racism Cartoons

Thomas Nast, a prominent 19th-century cartoonist, is credited with early efforts to condemn racism and support civil rights. His cartoons criticized the Ku Klux Klan and advocated for the rights of freed slaves during Reconstruction. Nast's visual style and bold messaging set a precedent for political cartoons addressing racial issues.

Herblock and Civil Rights Era Cartoons

Herbert Block, known as Herblock, was a 20th-century editorial cartoonist whose work prominently featured themes of racial justice. He consistently challenged segregation, discrimination, and political corruption. Herblock's cartoons contributed to the national conversation on civil rights and earned him prestigious awards for his courageous editorial stance.

Contemporary Cartoonists Addressing Racism

Modern political cartoonists continue to tackle racism, often addressing issues such as police violence, immigration, and systemic inequality. Artists employ diverse styles and platforms, including digital media, to reach global audiences. Their work reflects ongoing struggles and the complexity of race relations in the 21st century.

Impact and Influence on Public Perception and Policy

Political cartoons on racism have a unique capacity to influence public opinion and, at times, policy decisions. By capturing the emotional and ethical dimensions of racial issues, cartoons can mobilize support for social change and hold power structures accountable. Their accessibility and immediacy make them effective tools for education and advocacy.

Shaping Public Awareness

Political cartoons distill complicated racial issues into clear, compelling visuals that resonate with a broad audience. This accessibility helps raise awareness about systemic racism and its consequences. Cartoons often highlight injustices that may be overlooked or misunderstood, fostering empathy and critical thinking among viewers.

Influence on Legislation and Social Movements

While cartoons alone do not create policy, they contribute to the cultural climate that shapes legislative agendas. By drawing attention to racial discrimination and human rights abuses, political cartoons can support social movements and influence lawmakers. Historically, cartoons played a role in advancing civil rights laws and continue to inspire activism today.

Potential Controversies and Challenges

The provocative nature of political cartoons occasionally sparks controversy, especially when addressing sensitive topics like race. Cartoonists must navigate the risk of misinterpretation or backlash while striving to promote constructive dialogue. Ethical considerations are paramount to ensure that cartoons challenge racism without perpetuating harm.

Contemporary Political Cartoons and the Digital Age

The digital revolution has transformed how political cartoons on racism are created, distributed, and consumed. Online platforms provide greater reach and immediacy, enabling cartoonists to engage with global audiences and respond swiftly to current events. This evolution has expanded the influence and relevance of political cartoons in modern racial discourse.

Digital Platforms and Accessibility

Social media, websites, and digital publications allow political cartoons to circulate widely and rapidly. This accessibility democratizes the medium, giving voice to diverse perspectives and facilitating cross-cultural conversations about racism. The viral nature of online content can amplify the impact of cartoons, making them powerful tools for awareness and advocacy.

New Challenges in the Digital Era

Despite the advantages, digital dissemination presents challenges such as context loss, misinformation, and increased polarization. Cartoonists must adapt to these dynamics, ensuring their messages remain clear and responsible. Additionally, the fast-paced nature of digital media demands continual innovation in style and content to maintain audience engagement.

Examples of Recent Political Cartoons on Racism

Recent political cartoons often address issues such as police brutality, immigration policies, and systemic inequality. They utilize sharp satire and poignant imagery to critique ongoing racial injustices. These cartoons contribute to contemporary debates and reflect the evolving landscape of racial politics in the digital age.

- Use of bold, symbolic imagery to evoke emotional responses
- Integration of multimedia elements for enhanced storytelling
- Collaborations between cartoonists and social justice organizations
- Engagement with global audiences through translation and sharing

Frequently Asked Questions

What role do political cartoons play in addressing racism?

Political cartoons use satire and symbolism to highlight issues of racism, challenge prejudices, and provoke public discussion, making complex social issues more accessible and engaging.

How have political cartoons evolved in their portrayal of racism over time?

Political cartoons have evolved from often perpetuating stereotypes to increasingly critiquing racism and promoting social justice, reflecting broader societal changes and growing awareness of racial issues.

Can political cartoons on racism influence public opinion?

Yes, political cartoons can influence public opinion by drawing attention to racial injustices, encouraging empathy, and prompting viewers to reconsider their biases through impactful visual storytelling.

What are common themes found in political cartoons addressing racism?

Common themes include systemic discrimination, police brutality, racial inequality, immigration, white supremacy, and calls for equality and civil rights reforms.

How do artists ensure political cartoons on racism are respectful yet impactful?

Artists balance respect and impact by using thoughtful symbolism, avoiding harmful stereotypes, focusing criticism on systems rather than individuals, and aiming to educate and inspire positive change rather than offend.

Additional Resources

1. *Drawing the Color Line: Political Cartoons and the Struggle Against Racism*

This book explores how political cartoons have historically confronted and critiqued racism in society. It examines pivotal cartoons from the 19th century to the present, highlighting their role in shaping public opinion and promoting social justice. The author analyzes the visual rhetoric used to expose racial prejudices and advocate for equality.

2. *Ink and Inequality: The Art of Political Cartoons on Race*

A comprehensive study of how political cartoons have depicted racial issues and challenged systemic inequality. The book traces the evolution of the medium from crude stereotypes to powerful tools of resistance and commentary. It also discusses the impact these cartoons have had on civil rights movements around the world.

3. Frames of Prejudice: Political Cartoons Addressing Racism in America

This volume focuses specifically on American political cartoons that address racism and discrimination. It provides insight into the cultural and political contexts that shaped these works, from slavery and segregation to contemporary racial justice movements. The book includes a rich collection of illustrations accompanied by critical analysis.

4. Visual Voices: Political Cartoons and the Fight Against Racism

Highlighting the power of imagery in political discourse, this book showcases cartoons that have challenged racist ideologies and institutions. It discusses how artists use satire, symbolism, and caricature to confront social injustices and mobilize public awareness. The collection spans multiple countries and historical periods.

5. Lines of Resistance: Political Cartoons Confronting Racism and Oppression

This book delves into the subversive role of political cartoons in resisting racism and oppression worldwide. It examines the work of prominent cartoonists who have risked censorship and backlash to expose racial discrimination. The text also explores the ethical dimensions of representing race in visual media.

6. Cartooning Race: The Politics of Representation in Political Cartoons

An analytical look at how political cartoons navigate the complexities of racial representation. The author critiques both problematic depictions and groundbreaking works that challenge stereotypes. The book offers a nuanced perspective on the responsibilities and power of cartoonists in racial discourse.

7. Satire and Segregation: Political Cartoons in the Era of Jim Crow

This historical study focuses on political cartoons during the Jim Crow era, revealing how satire was used to both uphold and challenge segregationist policies. It examines the dual role of cartoons as instruments of propaganda and resistance, providing a layered understanding of race relations in early 20th-century America.

8. Breaking the Mold: Political Cartoons and the Civil Rights Movement

Focusing on the Civil Rights Movement, this book highlights the critical role political cartoons played in documenting and influencing the struggle for racial equality. It showcases iconic images that galvanized activism and challenged societal norms, underscoring the medium's impact on public consciousness.

9. Racial Cartoons and Social Change: Visual Commentary from the 20th Century to Today

This book offers a broad survey of racial political cartoons from the 20th century through the modern era. It explores how cartoonists have reflected and shaped conversations about race, identity, and justice. The work underscores the ongoing relevance and transformative potential of visual satire in confronting racism.

political cartoons on racism: Cartoonists Against Racism: The Secret Jewish War on Bigotry Rafael Medoff, Craig Yoe, 2024-07-02 Horrific scenes of anti-Jewish violence in Europe filled the newsreels in American theaters in the 1930s and 1940s. What could be done to make sure it didn't happen in America? One Jewish organization hit upon a remarkable idea—to enlist some of America's most beloved cartoonists to wage a war on bigotry. *Cartoonists Against Racism* uncovers the secret campaign to create anti-racist comics and cartoons to flood America's newspapers, classrooms, and union halls. Meet the artists and the work that was their ammunition in the battle for America's soul. The book showcases impactful anti-racism artwork from the era's preeminent cartoonists, including multiple Pulitzer Prize winners Bill Mauldin and Vaughn Shoemaker; New Yorker cartoonists Carl Rose, Mischa Richter, and Frank Hanley; famed antiwar cartoonist Robert Osborn; Dave Berg of *Mad* magazine; renowned sports cartoonist Willard Mullin; noted labor cartoonist Bernard Seaman; comics artist Mac Raboy (Flash Gordon, Captain Marvel Jr.); and Eric Godal, who escaped from Nazi Germany and became a leading cartoonist in the American press and acclaimed artist Dick Dorgan.

political cartoons on racism: *Exploring the Ambivalence of Liquid Racism* Argiris Archakis, Villy Tsakona, 2024-02-15 The ongoing migration 'crisis' in European countries (2015 to date) has fostered different stances and practices within European nation-states, ranging from xenophobia to solidarity. In this context, two contradictory discourses seem to coexist: the national racist discourse and the humanitarian, antiracist one. This volume brings together studies investigating diverse semiotic strategies through which liquid racism emerges, which consists of ambiguities and contradictory interpretations due to the fact that racist views infiltrate discourse intended as antiracist. The volume includes critical and pragmatic analyses of texts coming from various sources, such as news articles, parliamentary discourse, political cartoons, video clips, advertising campaigns based on personal stories, and jokes. It is an outcome of the research project "TRACE: Tracing Racism in Anti-raCist discourse: A critical approach to European public speech on the migrant and refugee crisis" (HFRI-FM17-42, HFRI 2019-2022, Hellenic Foundation for Research and Innovation).

political cartoons on racism: *The Politics of Protest* Nadia E. Brown, Ray Block Jr., Christopher Stout, 2020-12-17 This collection provides a deep engagement with the political implication of Black Lives Matter. This book covers a broad range of topics using a variety of methods and epistemological approaches. In the twenty-first century, the killings of Black Americans have sparked a movement to end the brutality against Black bodies. In 2013, #BlackLivesMatter would become a movement-building project led by Alicia Garza, Patrisse Cullors, and Opal Tometi. This movement began after the acquittal of George Zimmerman, who murdered 17-year-old Trayvon Martin. The movement has continued to fight for racial justice and has experienced a resurgence following the 2020 slayings of Ahmaud Arbery, George Floyd, Breonna Taylor, Sean Reed, Tony McDade, and David McAtee among others. The continued protests raise questions about how we can end this vicious cycle and lead Blacks to a state of normalcy in the United States. In other words, how can we make any advances made by Black Lives Matter stick? The chapters in this book were originally published in the journal *Politics, Groups, and Identities*.

political cartoons on racism: **Political Cartoons in the 1988 Presidential Campaign** Janis L. Edwards, 1997 First published in 1998. Routledge is an imprint of Taylor & Francis, an informa company.

political cartoons on racism: **Racism Manifest in Political Cartoons** Kara R. Dillner, 1995

political cartoons on racism: Racism Postcolonialism Europe Graham Huggan, Ian Law, 2013-08-29 *Racism Postcolonialism Europe* turns the postcolonial critical gaze that had previously been most likely to train itself on regions other than Europe, and sometimes those perceived to be most culturally or geographically distant from Europe, back on Europe itself. The book argues that racism is alive and dangerously well in Europe, and examines this racism through the lens of postcolonial criticism. Postcolonial racism can be a racism of reaction, based on the perceived threat to traditional social and cultural identities; or a racism of (false) respect, based on mainstream

liberals' desire to hold at arm's length 'different' cultures they are anxious not to offend. Most of all, postcolonial racism, at least within the contemporary European context, is a racism of surveillance, whereby 'foreigners' become 'aliens', 'protection' disguises 'preference', and 'cultural difference' slides into 'racial stigmatization' --all in the interests of representing the European people, which is a very different entity to the European population as a whole. Boasting a broad multidisciplinary approach and a range of distinguished contributors - including Philomena Essed, Michel Wieviorka and Griselda Pollock - *Racism Postcolonialism Europe* will be required reading for scholars and students of race, postcolonial studies, sociology, European history and literary and cultural studies.

political cartoons on racism: Black Comics Sheena C. Howard, Ronald L. Jackson II, 2013-03-14 Winner of the 2014 Will Eisner Award for Best Scholarly/Academic Work. Bringing together contributors from a wide-range of critical perspectives, *Black Comics: Politics of Race and Representation* is an analytic history of the diverse contributions of Black artists to the medium of comics. Covering comic books, superhero comics, graphic novels and cartoon strips from the early 20th century to the present, the book explores the ways in which Black comic artists have grappled with such themes as the Black experience, gender identity, politics and social media. *Black Comics: Politics of Race and Representation* introduces students to such key texts as: The work of Jackie Ormes Black women superheroes from Vixen to Black Panther Aaron McGruder's strip *The Boondocks*

political cartoons on racism: Racism, Eh? Charmaine Nelson, Camille Antoinette Nelson, 2004 *Racism, Eh?* is the first publication that examines racism within the broad Canadian context. This anthology brings together some of the visionaries who are seeking to illuminate the topics of race and racism in Canada through the analysis of historical and contemporary issues, which address race and racism as both material and psychic phenomena. Fundamentally interdisciplinary in nature, this text will be an invaluable resource for undergraduate and graduate students, academics studying or practicing within the Humanities and the Social Sciences, and anyone seeking information on what has been a little explored and poorly understood Canadian issue.--pub. desc.

political cartoons on racism: Black Scare Forrest G. Wood,

political cartoons on racism: Comparative Racial Politics in Latin America Kwame Dixon, Ollie A. Johnson III, 2018-09-04 Latin America has a rich and complex social history marked by slavery, colonialism, dictatorships, rebellions, social movements and revolutions. *Comparative Racial Politics in Latin America* explores the dynamic interplay between racial politics and hegemonic power in the region. It investigates the fluid intersection of social power and racial politics and their impact on the region's histories, politics, identities and cultures. Organized thematically with in-depth country case studies and a historical overview of Afro-Latin politics, the volume provides a range of perspectives on Black politics and cutting-edge analyses of Afro-descendant peoples in the region. Regional coverage includes Argentina, Brazil, Colombia, Cuba, the Dominican Republic, Ecuador, Haiti and more. Topics discussed include Afro-Civil Society; antidiscrimination criminal law; legal sanctions; racial identity; racial inequality and labor markets; recent Black electoral participation; Black feminism thought and praxis; comparative Afro-women social movements; the intersection of gender, race and class, immigration and migration; and citizenship and the struggle for human rights. Recognized experts in different disciplinary fields address the depth and complexity of these issues. *Comparative Racial Politics in Latin America* contributes to and builds on the study of Black politics in Latin America.

political cartoons on racism: Antiracism in Cuba Devyn Spence Benson, 2016-04-05 Analyzing the ideology and rhetoric around race in Cuba and south Florida during the early years of the Cuban revolution, Devyn Spence Benson argues that ideas, stereotypes, and discriminatory practices relating to racial difference persisted despite major efforts by the Cuban state to generate social equality. Drawing on Cuban and U.S. archival materials and face-to-face interviews, Benson examines 1960s government programs and campaigns against discrimination, showing how such programs frequently negated their efforts by reproducing racist images and idioms in revolutionary propaganda, cartoons, and school materials. Building on nineteenth-century discourses that

imagined Cuba as a raceless space, revolutionary leaders embraced a narrow definition of blackness, often seeming to suggest that Afro-Cubans had to discard their blackness to join the revolution. This was and remains a false dichotomy for many Cubans of color, Benson demonstrates. While some Afro-Cubans agreed with the revolution's sentiments about racial transcendence — “not blacks, not whites, only Cubans” — others found ways to use state rhetoric to demand additional reforms. Still others, finding a revolution that disavowed blackness unsettling and paternalistic, fought to insert black history and African culture into revolutionary nationalisms. Despite such efforts by Afro-Cubans and radical government-sponsored integration programs, racism has persisted throughout the revolution in subtle but lasting ways.

political cartoons on racism: Public Opinion Rosalee A. Clawson, Zoe M. Oxley, 2020-07-21 In *Public Opinion: Democratic Ideals, Democratic Practice*, Fourth Edition, Clawson and Oxley link the enduring normative questions of democratic theory to existing empirical research on public opinion. Organized around a series of questions—In a democratic society, what should be the relationship between citizens and their government? Are citizens' opinions pliable? Are they knowledgeable, attentive, and informed?—the text explores the tension between ideals and their practice. Each chapter focuses on exemplary studies, explaining not only the conclusion of the research, but how it was conducted, so students gain a richer understanding of the research process and see methods applied in context.

political cartoons on racism: Comics and Migration Ralf Kauranen, Olli Löytty, Aura Nikkilä, Anna Vuorinne, 2023-03-31 Comics and human mobility have a long history of connections. This volume explores these entanglements with a focus on both how comics represent migration and what applied uses comics have in relation to migration. The volume examines both individual works of comic art and examples of practical applications of comics from across the world. Comics are well-suited to create understanding, highlight truthful information, and engender empathy in their audiences, but are also an art form that is preconditioned or even limited by its representational and practical conventions. Through analyses of various practices and representations, this book questions the uncritical belief in the capacity of comics, assesses their potential to represent stories of exile and immigration with compassion, and discusses how xenophobia and nationalism are both reinforced and questioned in comics. The book includes essays by both researchers and practitioners such as activists and journalists whose work has combined a focus on comics and migration. It predominantly scrutinises comics and activities from more peripheral areas such as the Nordic region, the German-language countries, Latin America, and southern Asia to analyse the treatment and visual representation of migration in these regions. This topical and engaging volume in the *Global Perspectives in Comics Studies* series will be of interest to researchers and students of comics studies, literary studies, visual art studies, cultural studies, migration, and sociology. It will also be useful reading for a wider academic audience interested in discourses around global migration and comics traditions.

political cartoons on racism: Race, Politics, and Memory Catherine M. Lewis, J. Richard Lewis, 2007-10-01 Catherine M. Lewis is an associate professor of history and women's studies at Kennesaw State University and special projects coordinator for the Atlanta History Center. She is the author of a number of books, most recently, *Don't Ask What I Shot: How Eisenhower's Love of Golf Helped Shape 1950s America*.

political cartoons on racism: Racism and Media Gavan Titley, 2019-05-27 Digital media have radically altered understandings of racism, so that an issue that has too often been assumed to belong to the past has been thrust into contemporary mainstream debates, news and popular culture. In light of the importance of traditional communications and social media to such events as Brexit in the UK and the Trump Presidency in the US, it is imperative for students of media and public discourse to examine the role played by the media in the generation, circulation and contestation of racist ideas. In *Racism and Media*, Gavan Titley: Explains why racism is such a complex and contested concept Provides a set of theoretical and analytical tools with which to interrogate how media dynamics and processes impact on racism and anti-racism Demonstrates

methods' application through a wide range of case studies, taking in examples from the UK, US, and several European countries Examines the rise and impact of online and social media racism Analyses questions of freedom of speech and hate speech in relation to racism and media This book is an essential companion for students of media, communications, sociology and cultural studies.

political cartoons on racism: Encyclopedia of American Political Parties and Elections

Larry Sabato, Howard R. Ernst, 2014-05-14 Presents a complete reference guide to American political parties and elections, including an A-Z listing of presidential elections with terms, people and events involved in the process.

political cartoons on racism: Communicating Political Humor in the Media

Ofer Feldman, 2024-05-07 This anthology of studies is a follow-up to Political Humor Worldwide: The Cultural Context of Political Comedy, Satire, and Parody. It further examines political humor as a distinct sub-discipline of political communication, influenced and shaped by a country's culture. The book's contributors, experts drawn from the academic fields of political science, communication, linguistics, sociology, culture studies, political psychology, and others, offer an assortment of studies from multiple disciplinary perspectives. Focusing on political humor in the media, the authors offer a panorama of political humor—including political satire, parody, and cartooning—in Spain, Poland, Montenegro, Turkey, Japan, Australia, Iran, Brazil, Argentina, Malaysia, and Indonesia, among others. They detail political humor's multifaceted and versatile nature, suggesting that national culture and political humor expressed in the news media are intertwined; thus, understanding political humor requires looking at the cultural landscape of a given country or society. The book helps readers to better understand the factors that shape political humor across the globe in a variety of political and media systems.

political cartoons on racism: Aircraft Nose Art

Andretta Schellinger, 2016-03-14 Since World War I, nose art has adorned military aircraft around the world. Intended for friendly rather than enemy eyes, these images—with a wide range of artistic expression—are part of the personal and unit histories of pilots and aircrews. As civilian and military attitudes and rationales for war change from one conflict to the next, changes can also be seen in the iconography of nose art. This analysis from a cultural perspective compares nose art in the United States, Great Britain and France from World War I, World War II, the Korean War and the Vietnam War.

political cartoons on racism: Modern Representations of Sub-Saharan Africa

Lori Maguire, Susan Ball, Sébastien Lefait, 2020-11-11 This book examines how representations of African in the Anglophone West have changed in the post-imperial age. The period since the Second World War has seen profound changes in sub-Saharan Africa, notably because of decolonization, the creation of independent nation-states and the transformation of the relationships with the West. Using a range of case studies from news media, maps, popular culture, film and TV the contributions assess how narrative and counter-narratives have developed and been received by their audiences in light of these changes. Examining the overlapping areas between media representations and historical events, this book will be of interest to students and scholars of African Studies and Media and Cultural Studies.

political cartoons on racism: "Are You Calling Me a Racist?"

Sarita Srivastava, 2024-03-19 Diversity and anti-racism work is too often reduced to training, therapy, education, and policy, or what the author calls Feel-Good approaches that focus on emotions and morality and prevent us from taking collective action for racial justice, decolonization, and equity in our organizations and communities--
