

political correctness in movies

political correctness in movies has become a pivotal topic in the film industry, influencing how stories are told and characters are portrayed. As society evolves, the demand for more inclusive and respectful representations on screen has increased, prompting filmmakers to reconsider traditional narratives and stereotypes. This shift reflects broader cultural conversations about diversity, equality, and sensitivity toward marginalized groups. Political correctness in movies affects casting choices, dialogue, plotlines, and even marketing strategies. While some celebrate this progress as a step toward social justice, others critique it as censorship or limitation on creative freedom. This article explores the origins, impacts, controversies, and future prospects of political correctness in the cinematic world. The following sections provide an in-depth analysis of the subject matter.

- The Evolution of Political Correctness in Cinema
- Impact on Film Content and Representation
- Controversies and Criticisms Surrounding Political Correctness
- Industry Responses and Adaptations
- The Future of Political Correctness in Movies

The Evolution of Political Correctness in Cinema

The concept of political correctness in movies has evolved alongside societal changes and the growing awareness of social justice issues. Initially, films often reflected the dominant cultural perspectives without much consideration for minority voices or alternative viewpoints. However, as civil rights

movements gained momentum and public discourse shifted toward inclusivity, the film industry began to adapt. This evolution encompasses changes in scriptwriting, casting, and thematic focus, marking a transition from traditional portrayals to more nuanced and diverse storytelling. Understanding this historical progression is essential to grasp the current landscape of political correctness in movies.

Historical Context and Early Examples

In early Hollywood, movies frequently depicted stereotypical and often offensive caricatures of ethnic, racial, and social groups. Characters from marginalized communities were often relegated to side roles or portrayed with exaggerated traits that reinforced prejudices. The civil rights era catalyzed a pushback against such representations, leading to the emergence of films that challenged stereotypes and highlighted social issues. This period saw the beginnings of political correctness as a conscious effort to promote fairness and respect in cinematic narratives.

Shifts in Audience Expectations

As audiences became more diverse and socially aware, their expectations for representation in movies changed significantly. Viewers began demanding authentic portrayals that reflected real-world diversity and avoided harmful tropes. Film studios responded by incorporating political correctness principles to appeal to broader demographics and avoid backlash. This shift also influenced film criticism and academic analysis, with political correctness becoming a key lens through which movies are evaluated.

Impact on Film Content and Representation

The influence of political correctness in movies is evident in various aspects of film production, from character development to plot construction. The drive for inclusivity has led to more accurate and respectful depictions of race, gender, sexuality, disability, and cultural identity. This impact extends beyond representation to affect narrative choices and thematic emphasis, often highlighting issues of social justice and equality.

Diversity in Casting and Characters

One of the most noticeable effects of political correctness in movies is the increased diversity in casting. Filmmakers now prioritize hiring actors from underrepresented groups to play characters that reflect their identities authentically. This approach challenges the traditional dominance of certain demographics and promotes visibility for minorities. Additionally, characters have become more complex and multidimensional, moving away from one-dimensional stereotypes.

Storytelling and Themes

Political correctness has encouraged storytellers to explore themes related to social equity, discrimination, and cultural understanding. Films increasingly address topics such as systemic racism, gender equality, LGBTQ+ rights, and disability inclusion. These narratives aim to foster empathy and awareness among audiences, contributing to societal conversations on these critical issues.

Examples of Politically Correct Films

- Films featuring diverse casts and culturally sensitive narratives
- Stories addressing social justice themes explicitly
- Reboots or adaptations that correct past stereotypes or biases

Controversies and Criticisms Surrounding Political Correctness

Despite its intentions, political correctness in movies has sparked significant controversy. Critics argue that excessive focus on political correctness can lead to censorship, stifle creativity, and alienate certain audience segments. This section examines the main points of contention and the ongoing

debates within the film community and society at large.

Accusations of Censorship and Creative Restriction

Some filmmakers and commentators claim that political correctness imposes limitations on artistic expression. They argue that the pressure to conform to politically correct standards can result in self-censorship, where creators avoid certain topics or characters to prevent offending audiences. This perspective views political correctness as a form of cultural policing that undermines the freedom to explore complex or controversial subjects.

Backlash from Audiences and Industry Professionals

Political correctness in movies has also prompted backlash from segments of the audience who perceive it as forced or inauthentic. Some viewers feel alienated by narratives that prioritize social messaging over entertainment value. Additionally, industry insiders sometimes criticize the trend for prioritizing political agendas over storytelling quality. These tensions highlight the challenge of balancing social responsibility with artistic merit.

Debates on Authenticity and Representation

The question of who gets to tell certain stories remains a contentious issue within political correctness discourse. Debates arise over casting decisions, such as whether actors should match the ethnicity or background of the characters they portray. Critics of political correctness argue that such requirements can be restrictive, while proponents emphasize the importance of authentic representation to avoid cultural appropriation and misrepresentation.

Industry Responses and Adaptations

The film industry has responded to political correctness in movies through various strategies aimed at incorporating inclusivity while maintaining creative standards. These adaptations reflect a growing recognition of the commercial and ethical importance of diversity and sensitivity in filmmaking.

Inclusive Hiring Practices

Studios and production companies increasingly implement policies to promote diversity not only in front of the camera but also behind the scenes. This includes hiring diverse writers, directors, and crew members who bring varied perspectives to the filmmaking process. Such initiatives help ensure that political correctness is integrated authentically rather than superficially.

Content Review and Sensitivity Consultation

Many productions now employ sensitivity readers and cultural consultants to review scripts and advise on potentially problematic content. This practice aims to identify and mitigate stereotypes, offensive language, or inaccuracies before films reach audiences. Sensitivity consultation has become a standard part of the pre-production process for many studios.

Marketing and Audience Engagement

Marketing strategies also reflect the influence of political correctness by targeting diverse demographics and highlighting inclusive themes. Studios use promotional campaigns that emphasize representation and social relevance to connect with socially conscious viewers. Audience feedback and social media discussions increasingly shape marketing decisions and film content.

The Future of Political Correctness in Movies

The role of political correctness in movies continues to evolve as societal values and technological advancements shape the entertainment landscape. Emerging trends suggest ongoing efforts to balance inclusivity with creative freedom, ensuring that films resonate with diverse audiences while maintaining artistic integrity.

Technological Innovations and Representation

Advancements in technology, such as virtual production and AI-driven casting tools, offer new opportunities for diverse representation. These tools can facilitate more accurate portrayals and reduce traditional barriers in the filmmaking process. The integration of technology with political correctness principles may redefine how stories are told and who is represented.

Globalization and Cross-Cultural Sensitivity

As films reach global audiences, political correctness in movies increasingly incorporates cross-cultural considerations. Filmmakers must navigate different cultural norms and sensitivities to appeal internationally while respecting local values. This global perspective encourages broader inclusivity and cultural exchange in cinema.

Continued Dialogue and Adaptation

The future of political correctness in movies depends on ongoing dialogue among creators, audiences, and critics. As social attitudes shift, the film industry must remain adaptable, learning from past successes and challenges. This dynamic process will shape the next generation of films that reflect the complexities of contemporary society.

Frequently Asked Questions

What is political correctness in movies?

Political correctness in movies refers to the practice of avoiding language, themes, or representations that could be offensive or discriminatory towards particular groups, aiming to promote inclusivity and respect.

Why has political correctness become a significant topic in the film industry?

Political correctness has gained prominence as society becomes more aware of diversity, equity, and inclusion, leading filmmakers to reconsider portrayals that might perpetuate stereotypes or marginalize certain communities.

How does political correctness impact storytelling in movies?

Political correctness can influence storytelling by encouraging more sensitive and accurate representations of characters and cultures, though some argue it may also limit creative freedom or lead to self-censorship.

Are there examples of movies that faced backlash for lacking political correctness?

Yes, films like 'The Birth of a Nation' and 'Gone with the Wind' have faced criticism for racist portrayals, while others have been called out for gender stereotypes or cultural insensitivity.

Can political correctness in movies enhance representation?

Yes, political correctness often leads to more diverse and authentic representation of different races, genders, sexual orientations, and abilities, helping audiences see themselves reflected on screen.

Do some filmmakers oppose political correctness in movies?

Some filmmakers argue that political correctness can restrict artistic expression and that movies should reflect reality without censorship, while others embrace it as a tool for social progress.

How has social media influenced political correctness in movies?

Social media allows audiences to quickly voice opinions and hold filmmakers accountable for insensitive content, increasing pressure to adhere to politically correct standards.

Is political correctness in movies a global phenomenon?

While political correctness is most discussed in Western cinema, many countries grapple with similar issues of representation and sensitivity, though cultural contexts and standards vary widely.

Additional Resources

1. *Reel Sensitivities: Political Correctness and Its Impact on Hollywood*

This book explores the rise of political correctness in the film industry and how it has shaped storytelling, casting, and production decisions. It examines both the positive strides towards inclusivity and the controversies surrounding censorship and creative freedom. Through case studies and interviews, the author provides a balanced view of the cultural shifts influenced by political correctness in cinema.

2. *Screening Identity: Politics, Diversity, and Representation in Modern Film*

Focusing on the politics of representation, this book delves into how political correctness has influenced portrayals of race, gender, and sexuality in movies. It discusses the challenges filmmakers face in balancing authenticity with sensitivity and the evolving expectations of audiences. The text also highlights landmark films that have successfully navigated these complexities.

3. *Censorship or Sensibility? The Debate over Political Correctness in Film*

This volume presents a critical analysis of the ongoing debate between advocates of political

correctness and defenders of artistic freedom. It investigates instances where political correctness has led to censorship or altered creative content. The author considers the implications for filmmakers, audiences, and the broader cultural landscape.

4. Hollywood's New Norms: Political Correctness and Changing Narratives

Examining recent trends, this book discusses how political correctness has redefined narrative norms in Hollywood movies. It traces the shift from traditional storytelling to more inclusive and socially conscious themes. The book also evaluates audience reception and box office impacts of politically correct films.

5. The Politics of Comedy: Navigating Political Correctness in Film Humor

Comedy films often face unique challenges with political correctness, and this book explores how comedians and writers adapt humor to avoid offense while remaining funny. It addresses controversies surrounding jokes about race, gender, and identity and how the comedy genre reflects broader societal changes. The author provides insights into balancing satire, sensitivity, and artistic expression.

6. Diversity on Screen: The Role of Political Correctness in Casting and Character Development

This book investigates how political correctness has influenced casting decisions and character portrayals in contemporary cinema. It highlights efforts to increase diversity and representation while discussing criticisms related to tokenism and authenticity. Interviews with casting directors and actors offer insider perspectives on the evolving industry standards.

7. Rewriting History: Political Correctness and Period Films

This title explores the tensions between historical accuracy and political correctness in period films. It examines how filmmakers negotiate the depiction of sensitive historical events and figures to avoid offending modern audiences. The book debates whether these changes enhance or undermine the educational and artistic value of historical cinema.

8. Audience Reception and Political Correctness: Changing Viewer Expectations in Cinema

Focusing on the audience side, this book analyzes how political correctness has shifted viewer expectations and interpretations of movies. It looks at social media influence, fan reactions, and the

role of criticism in shaping film content. The author discusses how filmmakers respond to these evolving demands to stay relevant.

9. *Beyond the Script: Political Correctness, Film Festivals, and Industry Gatekeepers*

This book sheds light on how political correctness affects decisions beyond the screenplay, including film festival selections and industry gatekeeping. It explores the role of curators, critics, and producers in promoting politically correct films and the implications for independent and mainstream cinema. The analysis includes case studies of films that succeeded or struggled due to their political content.

political correctness in movies: *Movies as Politics* Jonathan Rosenbaum, 2023-09-01 In this new collection of reviews and essays, Jonathan Rosenbaum focuses on the political and social dynamics of the contemporary movie scene. Rosenbaum, widely regarded as the most gifted contemporary American commentator on the cinema, explores the many links between film and our ideological identities as individuals and as a society. Readers will find revealing examinations of, for example, racial stereotyping in the debates surrounding *Do the Right Thing*, key films from Africa, China, Japan, and Taiwan, Hollywood musicals and French serials, and the cultural amnesia accompanying cinematic treatments of the Russian Revolution, the civil rights movement, and the Vietnam War. From *Schindler's List*, *Star Wars*, *Pulp Fiction*, *Forrest Gump*, *The Piano*, and *Ace Ventura: Pet Detective* to the maverick careers of Orson Welles, Jacques Tati, Nicholas Ray, Chantal Akerman, Todd Haynes, and Andrei Tarkovsky, Rosenbaum offers a polemically pointed survey that makes clear the high stakes involved in every aspect of filmmaking and filmgoing. In this new collection of reviews and essays, Jonathan Rosenbaum focuses on the political and social dynamics of the contemporary movie scene. Rosenbaum, widely regarded as the most gifted contemporary American commentator on the cinema, explores the many

political correctness in movies: Political Correctness Geoffrey Hughes, 2011-09-13 Political Correctness "Geoffrey Hughes has brought together with great panache the very many manifestations of political correctness, both absurd and vicious, and shown how they express a single collective mind-set. His book establishes beyond doubt that there is such a phenomenon, that it has become dominant in our culture, and that it represents a growing tendency to censor public debate and to prevent people from questioning orthodoxies which we all know to be false." Roger Scruton, American Enterprise Institute "What a joy this book is! Hughes' study traces, with unflagging zest, the modern history of PC. Sumptuous in data, in judgment precise, this is the latest and fullest of Hughes' series on the social history of language." Walter Nash, Professor Emeritus, University of Nottingham Political Correctness is now an everyday phrase and part of the modern

mindset. Everyone thinks they know what it means, but its own meaning constantly shifts. Its surprising origins have led to it becoming integrated into contemporary culture in ways that are both idealistic and ridiculous. Originally grounded in respect for difference and sensitivity to suffering, it has often become a distraction and even a silencer of genuine issues, provoking satire and parody. In this carefully researched, thought-provoking book, Geoffrey Hughes examines the trajectory of political correctness and its impact on public life. Exploring the origins, progress, content, and style of PC, Hughes' journey leads us through authors as diverse as Chaucer, Shakespeare and Swift; Philip Larkin, David Mamet, and J.M. Coetzee; from nursery rhymes to Spike Lee films. Focusing on the historical, semantic, and cultural aspects of political correctness, this outstanding and unique work will intrigue anyone interested in this ongoing debate.

political correctness in movies: Masculinity at the Movies Thomas Keith, 2025-06-05

Masculinity at the Movies takes a deep dive into masculinity in film and how Hollywood movies continue to produce and promote masculine stereotypes that place boys and men in constraining identities and dysfunctional patterns of behaviour. From classic film stars to those of the present day, this textbook unpacks the development of the main male stereotypes in film – villains, heroes, and oafs – and how movies can develop healthy new male representations. Alongside Hollywood studio productions, it delves into Black, Native American, Latino, and Asian representation as well as LGBTQ masculinity. Going beyond the present, it proposes what healthy masculinity at the movies looks like and where Hollywood should set its sights to create more progressive models of masculinity for the 21st century. Masculinity at the Movies will provide students of gender studies, media studies, and cultural studies with new insights into stereotypes of men in contemporary film.

political correctness in movies: Movies and Politics James E. Combs, 2013-12-17 Collecting together some of the best thinking about the relationship between movies and politics, this book, originally published in 1993, encourages an awareness of the political dimension of film, both for film scholars and those entering the film industry. Eight essays are grouped into four parts addressing political ideology and movie narrative, political myth in the movies, political history and movie culture, and political communication and the movies. An introductory essay, as well as prefatory remarks to each of the four parts, brings additional insight and perspective and puts the essays into context.

political correctness in movies: Derrida and Film Studies , 2025-10-02 Derrida and Film Studies views Jacques Derrida's in-depth and meandering ideas within the realm of film. Bringing together audiovisual culture and deconstruction, the book explores the spectral turn of cinema. Seeing the phenomenon of film as impacted by deconstruction and poststructuralism, the essays offer a wide spectrum of perspectives and illustrate the reception of Derrida's thought for a new generation of philosophers of film. Using both well-known and pioneering methodologies, this rich volume is an essential guide for understanding the importance of spectrality, hieroglyphics, writing and difference, and alterity in film.

political correctness in movies: Race and Contention in Twenty-First Century U.S.

Media Jason A. Smith, Bhoomi K. Thakore, 2016-04-20 This volume explores and clarifies the complex intersection of race and media in the contemporary United States. Due to the changing dynamics of how racial politics are played out in the contemporary US (as seen with debates of the post-racial society), as well as the changing dynamics of the media itself (new vs. old media debates), an interrogation of the role of the media and its various institutions within this area of social inquiry is necessary. Contributors contend that race in the United States is dynamic, connected to social, economic, and political structures which are continually altering themselves. The book seeks to highlight the contested space that the media provides for changing dimensions of race, examining the ways that various representations can both hinder or promote positive racial views, considering media in relation to other institutions, and moving beyond thinking of media as a passive and singular institution. Chapters 3 and 13 of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND) 4.0 license.

political correctness in movies: Hollywood Hype and Audiences Thomas Austin, 2002-05-03 This book traces the circulation in Britain of three Hollywood films--Basic Instinct, Bram Stoker's Dracula and Natural Born Killers --from marketing and critical reception to consumption in cinemas and on video. It draws on economic discursive contexts and original audience research to trace how meanings, pleasures, and uses are derived from popular film. A significant intervention into methodological debates in film studies and a timely investigation of film culture, it focuses on key questions about genre, taste, sexual pleasure and screen violence.

political correctness in movies: Hollywood and the Movies of the Fifties Foster Hirsch, 2023-10-10 A fascinating look at Hollywood's most turbulent decade and the demise of the studio system—set against the boom of the post-World War II years, the Cold War, and the atomic age—and the movies that reflected the seismic shifts “The definitive book on 1950s Hollywood.” —Booklist “Lavish. . . insightful, rich, expansive, penetrating.” —Kirkus Hollywood in the 1950s was a period when the film industry both set conventions and broke norms and traditions—from Cinerama, CinemaScope, and VistaVision to the epic film and lavish musical. It was a decade that saw the rise of the anti-hero; the smoldering, the hidden, and the unspoken; teenagers gone wild in the streets; the sacred and the profane; the revolution of the Method; the socially conscious; the implosion of the studios; the end of the production code; and the invasion of the ultimate body snatcher: the “small screen” television. Here is Eisenhower's America—seemingly complacent, conformity-ridden revealed in Vincente Minnelli's *Father of the Bride*, Walt Disney's *Cinderella*, and *Brigadoon*, among others. And here is its darkening, resonant landscape, beset by conflict, discontent, and anxiety (*The Man Who Knew Too Much*, *The Asphalt Jungle*, *A Place in the Sun*, *Touch of Evil*, *It Came From Outer Space*) . . . an America on the verge of cultural, political and sexual revolt, busting up and breaking out (*East of Eden*, *From Here to Eternity*, *On the Waterfront*, *Sweet Smell of Success*, *The Wild One*, *A Streetcar Named Desire*, and *Jailhouse Rock*). An important, riveting look at our nation at its peak as a world power and at the political, cultural, sexual upheavals it endured, reflected and explored in the quintessential American art form.

political correctness in movies: A Companion to Film Theory Toby Miller, Robert Stam, 2008-06-09 This volume of specially commissioned work by experts in the field of film studies provides a comprehensive overview of the field. Its international and interdisciplinary approach will have a broad appeal to those interested in this multifaceted subject. Provides a major collection of specially commissioned work by experts in the field of film studies. Represents material under a variety of headings, including class, race, gender, queer theory, nation, stars, ethnography, authorship, and spectatorship. Offers an international approach to the subject, including coverage of topics such as genre, image, sound, editing, culture industries, early cinema, classical Hollywood, and TV relations and technology. Includes concise chapter-by-chapter accounts of the background and current approaches to each topic, followed by a prognostication on the future. Considers cinema studies in relation to other forms of knowledge, such as critical studies, anthropology, and literature.

political correctness in movies: War Cinema Guy Westwell, 2006 'War Cinema' presents an introduction to and overview of films that take war as their main theme. Framing the era with 'Apocalypse Now' and 'Apocalypse Now Redux', the author initially focuses on Vietnam on film in the 1970s and 1980s and how this divisive war was represented.

political correctness in movies: Leonard Maltin's 2014 Movie Guide Leonard Maltin, 2013-09-03 Summer blockbusters and independent sleepers; masterworks of Alfred Hitchcock, Billy Wilder, and Martin Scorsese; the timeless comedy of the Marx Brothers and Buster Keaton; animated classics from Walt Disney and Pixar; the finest foreign films ever made. NEW Nearly 16,000 capsule movie reviews, with more than 300 new entries NEW More than 25,000 DVD and video listings NEW Up-to-date list of mail-order and online sources for buying and renting DVDs and videos NEW Completely updated index of leading performers MORE Official

motion picture code ratings from G to NC-17 MORE Old and new theatrical and video releases rated **** to BOMB MORE Exact running times—an invaluable guide for recording and for discovering which movies have been edited MORE Reviews of little-known sleepers, foreign films, rarities, and classics AND Leonard's all-new personal recommendations for movie lovers • Date of release, running time, director, stars, MPAA ratings, color or black-and-white • Concise summary, capsule review, and four-star-to-BOMB rating system • Precise information on films shot in widescreen format • Symbols for DVDs, videos, and laserdiscs • Completely updated index of leading actors • Up-to-date list of mail-order and online sources for buying and renting DVDs and videos

political correctness in movies: Movie Censorship and American Culture Francis G. Couvares, 2006 From the earliest days of public outrage over indecent nickelodeon shows, Americans have worried about the power of the movies. The eleven essays in this book examine nearly a century of struggle over cinematic representations of sex, crime, violence, religion, race, and ethnicity, revealing that the effort to regulate the screen has reflected deep social and cultural schisms. In addition to the editor, contributors include Daniel Czitrom, Marybeth Hamilton, Garth Jowett, Charles Lyons, Richard Maltby, Charles Musser, Alison M. Parker, Charlene Regester, Ruth Vasey, and Stephen Vaughn. Together they make it clear that censoring the movies is more than just a reflex against indecency, however defined. Whether censorship protects the vulnerable or suppresses the creative, it is part of a broader culture war that breaks out recurrently as Americans try to come to terms with the market, the state, and the plural society in which they live.

political correctness in movies: 3 shi qingyao, 2024-09-24 I can't help it. Although he won the second place in *The Son of Tomorrow*, his popularity is ridiculously high.

political correctness in movies: The Myth of Political Correctness John K. Wilson, 1995 The classics of Western culture are out, not being taught, replaced by second-rate and Third World texts. White males are a victimized minority on campuses across the country, thanks to affirmative action. Speech codes have silenced anyone who won't toe the liberal line. Feminists, wielding their brand of sexual correctness, have taken over. These are among the prevalent myths about higher education that John K. Wilson explodes. The phrase political correctness is on everyone's lips, on radio and television, and in newspapers and magazines. The phenomenon itself, however, has been deceptively described. Wilson steps into the nation's favorite cultural fray to reveal that many of the most widely publicized anecdotes about PC are in fact more myth than reality. Based on his own experience as a student and in-depth research, he shows what's really going on beneath the hysteria and alarmism about political correctness and finds that the most disturbing examples of thought policing on campus have come from the right. The image of the college campus as a gulag of left-wing totalitarianism is false, argues Wilson, created largely through the exaggeration of deceptive stories by conservatives who hypocritically seek to silence their political opponents. Many of today's most controversial topics are here: multiculturalism, reverse discrimination, speech codes, date rape, and sexual harassment. So are the well-recognized protagonists in the debate: Dinesh D'Souza, William Bennett, and Lynne Cheney, among others. In lively fashion and in meticulous detail, Wilson compares fact to fiction and lays one myth after another to rest, revealing the double standard that allows conservative correctness on college campuses to go unchallenged.

political correctness in movies: *It's Only a Movie* Mark Kermode, 2010-02-04 In *It's Only a Movie*, the incomparable Mark Kermode takes us into the weird world of a life lived in widescreen. Join him as he gets lost in Russia on the trail of a low-budget horror flick, gasp as he's shot at in Hollywood while interviewing Bavarian director Werner Herzog, cheer as he gets thrown out of the Cannes film festival for heckling in very bad French, and cringe as he's handbagged by Helen Mirren at London's glitzy BAFTA Awards. Written with sardonic wit and wry good humour, this compelling cinematic memoir is genuinely 'inspired by real events'.

political correctness in movies: *Roger Ebert's Movie Yearbook 2007* Roger Ebert, 2013-02-05 The most-trusted film critic in America. --USA Today Roger Ebert actually likes movies. It's a refreshing trait in a critic, and not as prevalent as you'd expect. --Mick LaSalle, San Francisco Chronicle America's favorite movie critic assesses the year's films from *Brokeback Mountain* to

Wallace and Gromit: The Curse of the Were-Rabbit. Roger Ebert's Movie Yearbook 2007 is perfect for film aficionados the world over. Roger Ebert's Movie Yearbook 2007 includes every review by Ebert written in the 30 months from January 2004 through June 2006-about 650 in all. Also included in the Yearbook, which is about 65 percent new every year, are: * Interviews with newsmakers such as Philip Seymour Hoffman, Terrence Howard, Stephen Spielberg, Ang Lee, and Heath Ledger, Nicolas Cage, and more. * All the new questions and answers from his Questions for the Movie Answer Man columns. * Daily film festival coverage from Cannes, Toronto, Sundance, and Telluride. *Essays on film issues and tributes to actors and directors who died during the year.

political correctness in movies: The Palgrave Handbook of Music in Comedy Cinema Emilio Audissino, Emile Wennekes, 2023-10-24 This handbook tackles the understudied relationship between music and comedy cinema by analysing the nature, perception, and function of music from fresh perspectives. Its approach is not only multidisciplinary, but also interdisciplinary in its close examination of how music and other cinematic devices interact in the creation of comedy. The volume addresses gender representation, national identities, stylistic strategies, and employs inputs from cultural studies, musicology, music theory, psychology, cognitivism, semiotics, formal and stylistic film analysis, and psychoanalysis. It is organised in four sections: general introductions, theoretical investigations, music and comedy within national cinemas, and exemplary case studies of films or authors.

political correctness in movies: Evil Arabs in American Popular Film Tim Jon Semmerling, 2009-06-23 2006 — Runner-up, Arab American National Museum Book Awards The evil Arab has become a stock character in American popular films, playing the villain opposite American good guys who fight for the American way. It's not surprising that this stereotype has entered American popular culture, given the real-world conflicts between the United States and Middle Eastern countries, particularly since the oil embargo of the 1970s and continuing through the Iranian hostage crisis, the first and second Gulf Wars, and the ongoing struggle against al-Qaeda. But when one compares the evil Arab of popular culture to real Arab people, the stereotype falls apart. In this thought-provoking book, Tim Jon Semmerling further dismantles the evil Arab stereotype by showing how American cultural fears, which stem from challenges to our national ideologies and myths, have driven us to create the evil Arab Other. Semmerling bases his argument on close readings of six films (The Exorcist, Rollover, Black Sunday, Three Kings, Rules of Engagement, and South Park: Bigger, Longer & Uncut), as well as CNN's 9/11 documentary America Remembers. Looking at their narrative structures and visual tropes, he analyzes how the films portray Arabs as threatening to subvert American truths and mythic tales—and how the insecurity this engenders causes Americans to project evil character and intentions on Arab peoples, landscapes, and cultures. Semmerling also demonstrates how the evil Arab narrative has even crept into the documentary coverage of 9/11. Overall, Semmerling's probing analysis of America's Orientalist fears exposes how the evil Arab of American popular film is actually an illusion that reveals more about Americans than Arabs.

political correctness in movies: Organizations and Popular Culture Carl Rhodes, Simon Lilley, 2013-09-13 Throughout its history, popular mass-mediated culture has turned its attention to representing and interrogating organizational life. As early as Charlie Chaplin's cinematic classic Modern Times and as recently as the primetime television hit The Simpsons, we see cultural products that engage reflexively in coming to terms with the meaning of work, technology and workplace relations. It is only since the late 1990s, however, that those who research management and organizations have come to collectively dwell on the relationship between organizations and popular culture – a relationship where the cultural meanings of work are articulated in popular culture, and where popular culture challenges taken for granted knowledge about the structure and practice work. Key to this development has been the journal Culture and Organization – a journal that has been centre stage in creating new vistas through which the 'cultural studies of organization' can be explored. This book brings together the journal's best contributions which specifically address how popular culture represents, informs and potentially transforms organizational practice. Featuring contributors from the UK, USA, Europe and Australia, this exciting anthology provides a

comprehensive review of research in organization and popular culture.

political correctness in movies: *Encyclopedia of Chinese Film* Zhiwei Xiao, Yingjin Zhang, 2002-06-01 The Encyclopedia of Chinese Film, one of the first ever encyclopedias in this area, provides alphabetically organized entries on directors, genres, themes, and actors and actresses from mainland China, Hong Kong and Taiwan as well as 300 film synopses. Great care has been taken to provide solid cultural and historical context to the facts. The alphabetical entries are preceded by a substantial historical section, incorporating material on the the main studios and analysing the impact of Chinese film abroad as well as at home in recent years. This Encyclopedia meets the needs, equally, of * the film studies scholar * the student of Chinese culture * the specialist in Chinese film * the curious viewer wanting to know more. Additional features include: * comprehensive cross-references and suggestions for further reading * a list of relevant websites * a chronology of films and a classified contents list * three indexes - (one of film and tv titles with directors names and year of release, one of names including actors, writers, directors and producers and one of studios, all with pinyin romanizations) * a glossary of pinyin romanizations, Chinese characters and English equivalents to aid the specialist in moving between Chinese titles and English translations.
