

political cartoon the great depression

political cartoon the great depression played a significant role in shaping public perception and commentary during one of the most challenging periods in American history. These cartoons served as powerful visual tools to communicate complex economic, social, and political issues to a broad audience. Through satire, symbolism, and allegory, political cartoons during the Great Depression highlighted the struggles of ordinary citizens, criticized government policies, and reflected societal anxieties. This article explores the historical context of the Great Depression, the role and impact of political cartoons during this era, and examines notable examples that encapsulated the spirit of the times. Additionally, it discusses the stylistic elements, key themes, and the lasting legacy of these cartoons in American political discourse.

- Historical Context of the Great Depression
- The Role of Political Cartoons During the Great Depression
- Common Themes in Political Cartoons of the Era
- Notable Political Cartoonists and Their Works
- Stylistic Elements and Techniques
- The Legacy and Influence of Great Depression Cartoons

Historical Context of the Great Depression

The Great Depression was a severe worldwide economic downturn that began in 1929 and lasted through much of the 1930s. It was triggered by the stock market crash of October 1929, which led to widespread bank failures, massive unemployment, and a significant contraction in industrial output. This period was marked by extreme poverty, homelessness, and social upheaval as millions of Americans struggled to survive. The economic crisis also exposed systemic weaknesses in the financial and political systems, prompting calls for reform and government intervention. Understanding this historical backdrop is essential to appreciating the significance and urgency conveyed in political cartoon the great depression.

Economic and Social Impact

The economic fallout from the Great Depression affected nearly every sector of society. Unemployment rates soared to approximately 25%, with many families losing their homes and savings. Breadlines,

shantytowns known as “Hoovervilles,” and widespread hunger became common sights. Social discontent grew as people questioned the efficacy of existing institutions and the role of government. Political cartoons of the era captured these hardships vividly, providing social commentary that resonated deeply with the public.

Government Response

The initial response to the crisis under President Herbert Hoover was widely criticized for being inadequate. Subsequent policies under President Franklin D. Roosevelt’s New Deal sought to provide relief, recovery, and reform. These programs aimed to stabilize the economy, provide jobs, and prevent future depressions. Political cartoons reflected the shifting public opinion toward government intervention and often illustrated the debates surrounding New Deal policies.

The Role of Political Cartoons During the Great Depression

Political cartoons during the Great Depression served as an essential medium for social and political critique. They distilled complex issues into accessible imagery, making economic and political debates understandable to a broad audience. These cartoons were published in newspapers and magazines, reaching millions and often influencing public opinion. Cartoonists used humor, irony, and exaggeration to expose corruption, criticize policy failures, and advocate for change. Their immediacy and visual impact made them a powerful form of political communication in an era before television and widespread mass media.

Communication and Education

Due to widespread illiteracy and limited access to detailed news, many Americans relied on visual media to grasp current events. Political cartoons simplified and dramatized the economic crisis, helping readers understand the causes and effects of the Great Depression. They also educated the public about government programs, political leaders, and social issues in a compelling and memorable way.

Influence on Public Opinion

Cartoons shaped the public’s view of key figures such as President Hoover and Roosevelt, as well as institutions like banks and the Federal Government. They could bolster support for New Deal reforms or amplify criticism of perceived failures. Political cartoon the great depression became a barometer of public sentiment, reflecting fears, hopes, and frustrations during this turbulent period.

Common Themes in Political Cartoons of the Era

Political cartoons from the Great Depression period often centered around recurring themes that captured the essence of the crisis. These themes highlighted economic hardship, political leadership, social injustice, and the struggle for recovery. Understanding these motifs provides insight into the concerns and attitudes of the time.

Economic Hardship and Unemployment

Many cartoons depicted the widespread poverty and suffering caused by unemployment, with imagery of starving families, empty pockets, and desperate citizens. The collapse of the stock market and banking system was also a frequent subject, symbolizing financial ruin and instability.

Critique of Government and Leadership

Cartoonists often portrayed political leaders in ways that reflected public dissatisfaction or support. Early in the Depression, President Hoover was frequently criticized for his perceived inaction and detachment. In contrast, Roosevelt was depicted as a figure of hope and reform, though some cartoons also scrutinized the effectiveness and consequences of New Deal policies.

Social Injustice and Inequality

Issues such as wealth disparity, racial discrimination, and labor struggles were common themes. Cartoons highlighted the plight of marginalized groups and the tensions between workers, business owners, and government officials.

Hope and Recovery

Despite bleak circumstances, some cartoons expressed optimism about recovery efforts and the potential for a better future. Symbols like the rising sun, rebuilding bridges, and planting seeds signified hope and renewal.

Notable Political Cartoonists and Their Works

Several influential cartoonists emerged during the Great Depression, whose works remain significant for their artistic merit and historical insight. Their cartoons captured the complexity of the era and contributed to the discourse surrounding the crisis.

Thomas Nast's Legacy and Influence

Although Thomas Nast's prime was earlier, his style and approach influenced Depression-era cartoonists. Nast's use of symbolism and incisive political critique set a standard for visual commentary during economic crises.

Herbert Block (Herblock)

Herblock became known for his incisive critiques of political figures and policies, including those during the Great Depression and New Deal era. His cartoons often combined sharp wit with profound social commentary, making him a leading voice in editorial cartooning.

John T. McCutcheon

McCutcheon's cartoons were widely published and addressed the human impact of the Depression. His empathetic portrayals of suffering and resilience helped humanize the economic statistics and policy debates.

- Herblock: Critiques of government policy and corruption
- McCutcheon: Emphasis on social impact and individual stories
- Other notable artists: Rollin Kirby, Clifford Berryman

Stylistic Elements and Techniques

Political cartoon the great depression utilized various artistic techniques to maximize impact and clarity. The combination of visual symbolism, caricature, and metaphor allowed cartoonists to convey complex messages in a succinct and engaging manner.

Symbolism and Allegory

Common symbols included the "Uncle Sam" figure to represent the U.S. government, the "Great American Bear" for economic forces, and animals or objects to personify social issues. Allegorical figures helped readers interpret the cartoons' messages quickly.

Caricature and Exaggeration

Cartoonists exaggerated physical features of political leaders and characters to emphasize traits such as greed, incompetence, or compassion. This technique enhanced the emotional and persuasive power of the cartoons.

Use of Irony and Satire

Irony was a hallmark of many cartoons, highlighting contradictions between political rhetoric and reality. Satire allowed cartoonists to criticize without overt hostility, engaging readers through humor and wit.

The Legacy and Influence of Great Depression Cartoons

The political cartoons of the Great Depression era have left a lasting imprint on American media and political culture. They not only documented a critical historical moment but also shaped the language of political commentary for decades to come.

Impact on Political Discourse

These cartoons contributed to a more visually oriented political dialogue, influencing how issues were framed and discussed. They demonstrated the power of imagery in shaping public opinion and holding leaders accountable.

Educational and Historical Value

Today, political cartoons from the Great Depression serve as valuable historical documents, providing insight into contemporary attitudes and societal conditions. They are studied by historians, educators, and political scientists to understand the cultural dimensions of the crisis.

Inspiration for Modern Cartoonists

The techniques and themes pioneered during the Great Depression continue to inspire editorial cartoonists, who draw on this legacy to comment on current economic and political challenges. The tradition of combining humor, critique, and powerful imagery remains central to political cartooning.

Frequently Asked Questions

What role did political cartoons play during the Great Depression?

Political cartoons during the Great Depression served as a powerful medium to critique government policies, highlight social issues, and express public sentiment about economic hardships and political leadership.

Who were some prominent political cartoonists during the Great Depression?

Notable political cartoonists of the Great Depression era include Thomas Nast, Herbert Block (Herblock), and Clifford Berryman, who used their art to comment on economic struggles, New Deal policies, and political figures.

How did political cartoons depict President Franklin D. Roosevelt's New Deal?

Political cartoons often portrayed Roosevelt's New Deal programs either positively, as a beacon of hope and recovery, or critically, as excessive government intervention or ineffective, reflecting the divided public opinion of the time.

What common themes are found in Great Depression political cartoons?

Common themes include unemployment, poverty, bank failures, government relief efforts, social injustice, and political corruption, often emphasizing the human impact of the economic crisis.

How did political cartoons influence public opinion during the Great Depression?

By using satire and symbolism, political cartoons made complex economic and political issues accessible, shaping public opinion by highlighting failures or successes of policies and encouraging political engagement.

What symbols were frequently used in Great Depression political cartoons?

Symbols like the broken piggy bank, the unemployed worker, the Dust Bowl, the government elephant or donkey, and the shadow of the stock market crash were commonly used to represent economic collapse and political struggles.

Can political cartoons from the Great Depression be used as historical sources?

Yes, political cartoons are valuable historical sources as they reflect contemporary attitudes, political debates, and social issues, offering insight into how people understood and reacted to the Great Depression.

How did political cartoons address the issue of unemployment during the Great Depression?

Cartoons often depicted long lines of jobless workers, the despair of breadlines, and the government's efforts or failures to provide relief, highlighting the widespread economic hardship faced by millions.

Did political cartoons critique both political parties during the Great Depression?

Yes, political cartoons critiqued both Democrats and Republicans, targeting their policies and leadership, as cartoonists sought to hold all political actors accountable for the economic crisis and its management.

Additional Resources

1. *Drawing the Nation: Political Cartoons and the Great Depression*

This book explores the influential role political cartoons played during the Great Depression. It analyzes how artists used satire and symbolism to comment on economic hardship and government policies. The collection includes works from prominent cartoonists of the era, providing historical context and visual insight into public sentiment.

2. *Lines of Protest: Political Cartoons in Times of Crisis*

Focusing on the Great Depression, this book examines how political cartoons became a powerful medium for social and political criticism. It highlights key themes such as unemployment, poverty, and New Deal politics. Readers gain an understanding of how cartoonists shaped and reflected public opinion during one of America's toughest periods.

3. *Ink and Impact: The Great Depression through Political Cartoons*

This volume showcases a curated selection of political cartoons from the 1930s, illustrating the struggles and resilience of the American people. It discusses the artistic techniques and messaging used to address issues like bank failures, labor strikes, and government intervention. The book also considers the legacy of these cartoons in modern political discourse.

4. *Satire in Hard Times: Political Cartooning during the Great Depression*

Delving into the satirical art of the Great Depression, this book explores how cartoonists used humor and irony to critique economic policies and social injustices. It covers the work of influential figures such as

Thomas Nast and Herbert Block, revealing how cartoons informed and influenced public attitudes.

5. *The Great Depression in Caricature: Political Cartoons and Social Commentary*

This book presents a comprehensive overview of caricature as a tool for political expression during the Great Depression. It discusses how exaggerated imagery and symbolism communicated complex issues like poverty and political corruption. The narrative connects these visual commentaries to broader historical events and movements.

6. *Visual Voices: Political Cartoons and the American Great Depression*

Highlighting the voices of everyday Americans through the eyes of cartoonists, this book illustrates how political cartoons captured the hopes and frustrations of the era. It examines the interaction between media, politics, and public perception. Readers will find insightful analysis of key cartoons and their societal impact.

7. *Cartoons and Crisis: The Political Art of the Great Depression*

This book investigates the intersection of art and politics during the Great Depression, focusing on how cartoons responded to economic collapse and New Deal reforms. It explores the role of newspapers and magazines in disseminating political cartoons. Through detailed case studies, readers understand the power of visual satire in shaping political narratives.

8. *Sketching Struggle: Political Cartoons of the 1930s*

Offering a visual history of the 1930s, this book features political cartoons that depict the economic and social challenges of the Great Depression. It provides context for each cartoon, explaining the historical events and policies they address. The work highlights the creativity and courage of cartoonists confronting national adversity.

9. *Lines of Despair and Hope: Political Cartoons during the Great Depression Era*

This book captures the dual themes of despair and hope reflected in political cartoons from the Great Depression. It explores how cartoonists balanced criticism with calls for reform and recovery. Through rich illustration and commentary, the book reveals how cartoons served as both mirrors and molders of public consciousness during the era.

period were artfully captured by the nation's political cartoonists.

political cartoon the great depression: CA Te Am Anthem 2007 Mod Holt Rinehart & Winston, 2007

political cartoon the great depression: Caricatures on American Historical Phases 1918-2018 Heinz-Dietrich Fischer, 2020 This volume covers main phases of United States history over the span of a century, 1918 - 2018. Starting with fights for Americanism during World War I until the America-First movement of our times, there are, among others, Pulitzer Prize-winning editorial cartoons about these topics: Ku Klux Klan, Foreign Policy, Great Depression, Lynching Practices, Labor Conditions, War Productions, Truman's Administration, Korean War, Racial Integration, Vietnam War, Watergate Scandal, Death Penalty, Ronald Reagan, Clinton's Sex Affair, Terrorist Attacks, Iraq War, Deadly Hurricanes, Financial Crashes, Washington Establishment, Presidents Barack Obama and Donald Trump.

political cartoon the great depression: *Slow Ball Cartoonist* Tony Garel-Frantzen, 2016-01-15 *Slow Ball Cartoonist* takes readers on a journey to an earlier era in America when cartoonists played a pivotal role each day in enabling major daily newspapers to touch the lives of their readers. No American cartoonist was more influential than the Chicago Tribunes John T. McCutcheon, the plainspoken Indiana native and Purdue University graduate whose charming and delightful cartoons graced the pages of the newspaper from 1903 until his retirement in 1946. This book chronicles McCutcheons adventure-filled life, from his birth on a rural small farm near Lafayette in 1870, to his rise as the Dean of American Cartoonists. His famous cartoon, *Injun Summer*, originally published in 1907, was a celebration of autumn through childlike imagination and made an annual appearance in the Tribune each fall for decades. McCutcheon was the first Tribune staff member to earn the coveted Pulitzer Prize for his poignant 1931 cartoon about a victim of bank failure at the height of the Great Depression. Born with an itch for adventure, McCutcheon served as a World War I correspondent, combat artist, occasional feature writer, portrait artist, and world traveler. While the gangly and tall McCutcheon looked the part of the down-home characters featured in his cartoons, the world-wise flavor of his work influenced public opinion while making readers smile. Hard-hitting and even vicious attacks on public figures were common among his contemporaries; however, McCutcheons gentle humor provided a change in pace, thus prompting a colleague to borrow a phrase from baseball and anoint him the slow ball cartoonist. *Slow Ball Cartoonist* is a timeless story about a humble man who made the most of his talents and lived life to the fullest, being respectful and fair to all including the targets of his cartoonists pen.

political cartoon the great depression: *American Eye: History and Humor* Pasquale De Marco, 2025-05-20 *American Eye: History and Humor* America: A nation of contradictions, where the pursuit of happiness and dreams collides with inequality and injustice. A nation of immigrants, welcoming people from all corners of the globe, yet grappling with issues of race, ethnicity, and nativism. A land of opportunity, where anyone can supposedly achieve their dreams, yet poverty and social immobility persist. Humor has always been a powerful tool for Americans to grapple with these contradictions, to expose hypocrisy, challenge authority, and provide comfort during times of hardship. From the Puritans to the present day, humorists have used laughter as a weapon against the absurdities and injustices of American society. This book explores the rich and diverse tradition of American humor, examining how it has been used to shape American identity, challenge social norms, and provide a unique perspective on the American experience. Drawing on a wide range of sources, including political satire, social commentary, stand-up comedy, and popular culture, the book argues that humor is not simply a form of entertainment, but a vital tool for understanding and shaping American society. Through the lens of humor, we can see how Americans have grappled with their history of slavery, racism, and discrimination. We can see how they have coped with economic inequality, political corruption, and social injustice. We can also see how they have celebrated their diversity, their resilience, and their indomitable spirit. This book is a celebration of the power of humor to make us laugh, think, and see the world in new ways. It is a reminder that even in the darkest of times, humor can provide a glimmer of hope and help us to persevere. Whether it is the political satire of Mark Twain, the social

commentary of Will Rogers, or the stand-up comedy of George Carlin, humor has always played a vital role in the American story. This book is a must-read for anyone who wants to understand the complexities of American history and culture. It is a book that will make you laugh, think, and appreciate the resilience of the American spirit. If you like this book, write a review on google books!

political cartoon the great depression: Instructional Strategies for Diverse Learners

political cartoon the great depression: The Cartoons of Evansville's Karl Kae Knecht: Half a Century of Artistic Activism James Lachlan MacLeod, 2017-02-27 Karl Kae Knecht's name is synonymous with the city of Evansville. As editorial cartoonist for the Evansville Courier, he amused readers and spurred them to a higher social good. He mocked the Axis powers and kept local morale high during World War II and commented daily on issues from the Great Depression to the Space Race. He also worked tirelessly as a civic booster. Knecht helped establish Evansville College and was almost single-handedly responsible for the establishment of Mesker Park Zoo. In this absorbing account, illustrated with over seventy cartoons, University of Evansville historian James Lachlan MacLeod tells the fascinating story of Knecht's life and analyzes his cartooning genius.

political cartoon the great depression: *Seven Minutes* Norman M. Klein, 1993 He traces the development of the art at Disney, the forces that led to full animation, the whiteness of Snow White and Mickey Mouse becoming a logo.

political cartoon the great depression: Using Internet Primary Sources to Teach Critical Thinking Skills in History Kathleen W. Craver, 1999-10-30 History teachers and school library media specialists will find this guide a valuable resource for creating technologically advanced, resource-based instructional units in American and World History in grades 7-12. It is filled with 150 recommended primary source Internet sites about history ranging from ancient civilizations to 1998 and is stocked with exciting, interesting, and challenging questions designed to stimulate students' critical thinking skills. Dr. Craver, who maintains an award-winning interactive Internet database and conducts technology workshops for school library media specialists, provides an indispensable tool to enable students to make the best use of the Internet for the study of history. Each site is accompanied by a summary that describes its contents and usefulness to history teachers and school library media specialists. The questions that follow are designed specifically to stimulate critical thinking skills. Critical thinking skills are deemed essential for students if they are to succeed academically and economically in the twenty-first century. An annotated appendix of selected primary source databases includes the Internet addresses for 60 additional primary source sites.

political cartoon the great depression: *Satire and Politics* Jessica Milner Davis, 2017-11-17 This book examines the multi-media explosion of contemporary political satire. Rooted in 18th century Augustan practice, satire's indelible link with politics underlies today's universal disgust with the ways of elected politicians. This study interrogates the impact of British and American satirical media on political life, with a special focus on political cartoons and the levelling humour of Australasian satirists.

political cartoon the great depression: Teaching with Clarity Tony Frontier, 2021-06-24 Feeling overwhelmed—constantly, on a daily basis—has unfortunately become the status quo among educators. But it doesn't have to be. Schools need to stop adding more programs, strategies, activities, resources, projects, assessments, and meetings. Though they are often implemented with the best intentions, these things ultimately end up as clutter—that which inhibits our ability to help students learn. Instead, teachers need more clarity, which emerges when we prioritize our efforts to do less with greater focus. This isn't simply a matter of teachers doing less. Rather, teachers need to be intentional and prioritize their efforts to develop deeper understanding among students. In *Teaching with Clarity*, Tony Frontier focuses on three fundamental questions to help reduce curricular and organizational clutter in the interest of clarity and focus: * What does it mean to understand? * What is most important to understand? * How do we prioritize our strategic effort to

help students understand what is most important? By prioritizing clear success criteria, intentional design, meaningful feedback, and a shared purpose, teachers can begin to clear away the curricular clutter that overwhelms the profession—and embrace the clarity that emerges.

political cartoon the great depression: Regents Exams and Answers: U.S. History and Government Revised Edition Eugene V. Resnick, John McGeehan, 2021-01-05 Barron's Regents Exams and Answers: U.S. History and Government provides essential review for students taking the U.S. History Regents, including actual exams administered for the course, thorough answer explanations, and comprehensive review of all topics. Check out Barron's Regents U.S. History and Government Power Pack two-volume set, which includes Let's Review Regents: U.S. History and Government in addition to the Regents Exams and Answers: U.S. History and Government book.

political cartoon the great depression: American Government Scott F. Abernathy, 2017-01-03 Real People. Real Stories. Real Politics. Politics involves people, from many backgrounds, struggling to make their voices heard. Real people, telling their stories, reflect our ideals, choices, and collective experiences as a nation. In American Government: Stories of a Nation, author Scott Abernathy tunes in to these voices, showing how our diverse ideas shape the way we participate and behave, the laws we live by, and the challenges we face. Each chapter features real stories illustrating how the American political system is the product of strategies, calculations, and miscalculations of countless individuals. Students learn the nuts and bolts of political science through these compelling stories. Learning concepts in context is a tested learning technique that works to help ideas stick. The key concepts are memorable because they are tied to real politics, where students see political action and political choices shaping how institutions advance or impede the fulfillment of fundamental ideas. Not only will all students see themselves reflected in the pages, but they will come to understand that they, too, are strategic players in American politics, with voices that matter. Just like the Full version, The Essentials edition is perfect for instructors who don't wish to cover the last three chapters on policy.

political cartoon the great depression: Graphic Inquiry Daniel Callison, Annette Lamb, 2012-05-03 This full-color book provides a practical approach to incorporating graphic inquiry across the curriculum for school library media specialists, technology coordinators, and classroom teachers. It's new. It's graphic. And it is the first of its kind. Designed to bridge theory and actual practice, Graphic Inquiry contains applications for new and practicing educators and librarians that can truly bring classroom learning into the 21st century. This visually rich book provides numerous, standards-based inquiry activities and projects that incorporate traditional materials as well as emerging social and collaborative technologies. This full-color book provides real-world strategies for integrating graphic inquiry across the curriculum and is specifically designed to help today's educators identify tools and techniques for using graphic inquiry with their students. Although research is cited and references are provided, lengthy text passages are avoided in favor of practical, visual examples rooted in best practice and presented in graphic format. Readers will view this book as a quick reference to timely, realistic activities and approaches as compared to a traditional textbook.

political cartoon the great depression: Encyclopedia of Journalism Christopher H. Sterling, 2009-09-23 Written in a clear and accessible style that would suit the needs of journalists

and scholars alike, this encyclopedia is highly recommended for large news organizations and all schools of journalism. —Starred Review, *Library Journal* Journalism permeates our lives and shapes our thoughts in ways we've long taken for granted. Whether we listen to National Public Radio in the morning, view the lead story on the Today show, read the morning newspaper headlines, stay up-to-the-minute with Internet news, browse grocery store tabloids, receive Time magazine in our mailbox, or watch the nightly news on television, journalism pervades our daily activities. The six-volume Encyclopedia of Journalism covers all significant dimensions of journalism, including print, broadcast, and Internet journalism; U.S. and international perspectives; history; technology; legal issues and court cases; ownership; and economics. The set contains more than 350 signed entries under the direction of leading journalism scholar Christopher H. Sterling of The George Washington University. In the A-to-Z volumes 1 through 4, both scholars and journalists contribute articles that span the field's wide spectrum of topics, from design, editing, advertising, and marketing to libel, censorship, First Amendment rights, and bias to digital manipulation, media hoaxes, political cartoonists, and secrecy and leaks. Also covered are recently emerging media such as podcasting, blogs, and chat rooms. The last two volumes contain a thorough listing of journalism awards and prizes, a lengthy section on journalism freedom around the world, an annotated bibliography, and key documents. The latter, edited by Glenn Lewis of CUNY Graduate School of Journalism and York College/CUNY, comprises dozens of primary documents involving codes of ethics, media and the law, and future changes in store for journalism education. political cartoon the great depression: *America in the World* Jeffrey A. Engel, Mark Atwood Lawrence, Andrew Preston, 2014-04-06 A one-of-a-kind anthology of primary texts in American foreign relations How should America wield its enormous power beyond its borders? Should it adhere to grand principles or act on narrow self-interest? Should it partner with other nations or avoid entangling alliances? Americans have been grappling with questions like these throughout the nation's history, and especially since the emergence of the United States as a major world power in the late nineteenth century. *America in the World* illuminates this history by

capturing the diverse voices and viewpoints of some of the most colorful and eloquent people who participated in these momentous debates. Spanning the era from the Gilded Age to the Obama years, this unique reader collects more than two hundred documents—everything from presidential addresses and diplomatic cables to political cartoons and song lyrics. It encompasses various phases of American diplomatic history that are typically treated separately, such as the First World War, the Cold War, and 9/11. The book presents the perspectives of elite policymakers—presidents, secretaries of state, generals, and diplomats—alongside those of other kinds of Americans, such as newspaper columnists, clergymen, songwriters, poets, and novelists. It also features numerous documents from other countries, illustrating how foreigners viewed America's role in the world. Ideal for classroom use, *America in the World* sheds light on the complex interplay of political, economic, ideological, and cultural factors underlying the exercise of American power on the global stage. Includes more than two hundred documents from the late nineteenth century to today Looks at everything from presidential addresses to political cartoons and song lyrics Presents diverse perspectives, from elite policymakers to clergymen and novelists Features documents from outside the United States, illustrating how people in other countries viewed America's role in the world
